## DEPOSITION OF MEGAN HAST

1 MEGAN HAST,  
2 sworn as a witness by the Court Reporter,  
3 testified as follows:  
4 EXAMINATION BY MS. SHERWIN  
5 MS. SHERWIN: Q. Have you had your deposition  
6 taken before?  
7 A. No.  
8 Q. So I'll just briefly explain the process to  
9 you. While we're in a law office and in a casual setting  
10 right now, your deposition testimony is just as important  
11 as court testimony.  
12 You're under oath, so you need to answer all the  
13 questions as truthfully as you can. If you don't  
14 understand any of my questions, let me know, and I'll be  
15 happy to repeat or rephrase the question just to make sure  
16 you understand it.  
17 If you need a break, feel free to let me know. I  
18 don't imagine we'll be here very long, but if you need a  
19 break, that's okay.  
20 If you answer a question, we'll all assume that you  
21 understood the question. So it's important to make sure  
22 you understand the question. This isn't a memory test or  
23 a test of guessing or speculating. So it's important to  
24 just testify about what you know.  
25 In a few weeks you'll get a transcript in a booklet

5

## DEPOSITION OF MEGAN HAST

1 Q. Have you reviewed any documents before your  
2 deposition today?  
3 A. Yeah.  
4 Q. What did you review?  
5 A. My timeline and my note.  
6 Q. Anything else?  
7 A. And I saw my transcript.  
8 Q. The transcript of your interview?  
9 A. With the Sergeant.  
10 MS. SHERWIN: Could you mark this as Exhibit 1 and  
11 this one as Exhibit 2.  
12 (Plaintiffs' Exhibit 1 was marked for  
13 identification.)  
14 (Plaintiffs' Exhibit 2 was marked for  
15 identification.)  
16 MR. ANDRADA: I'm sorry. Which one is No. 1?  
17 MS. SHERWIN: No. 1 is the timeline.  
18 Q. I'm going to hand you what our court reporter  
19 has marked as Exhibits 1 and 2 to your deposition.  
20 For the record, Exhibit 1 is a timeline of events  
21 with a Bates stamp at the bottom of Pages 1074 through  
22 1076.  
23 And Exhibit 2 is a Department of Behavioral Health  
24 Services Mental Health Division progress note with the  
25 Bates stamp at the bottom of Page 130.

## DEPOSITION OF MEGAN HAST

1 format that you'll be allowed to review and make any  
2 changes that you like. But you need to know that if you  
3 make substantive changes, either I or my co-counsel can  
4 comment on those changes and ask the judge or the jury to  
5 draw inferences that are adverse to you with respect to  
6 your credibility. So it's important to make sure that you  
7 give us your best testimony today.  
8 You need to answer all the questions verbally. So  
9 if you have an affirmative answer, you need say "yes"  
10 instead of "uh-huh" so our court reporter can take it  
11 down.  
12 A lot of times in a normal conversation, you'll  
13 anticipate what the person is saying and just go ahead and  
14 answer the question. But I need you to please be patient  
15 with me and let me get my question into the record before  
16 you answer it, because the court reporter can only take  
17 down one of us at a time.  
18 From time to time, Mr. Andrada may object to one of  
19 my questions, but you're still required to answer the  
20 question unless he specifically instructs you not to  
21 answer the question. Okay?  
22 A. Okay.  
23 Q. Could you please spell your first and last  
24 name.  
25 A. M-e-g-a-n H-a-s-t.

## DEPOSITION OF MEGAN HAST

1 Ms. Hast, could you please take a look at these  
2 documents and tell me whether they're the documents that  
3 you reviewed prior to your deposition?  
4 A. Yes.  
5 MR. ANDRADA: Excuse me. Hang on.  
6 THE WITNESS: Yes.  
7 MS. SHERWIN: Q. And in Exhibit 1, you reviewed  
8 all three pages, right?  
9 A. Yes.  
10 Q. Did you write each of those documents?  
11 A. Yes. Yes.  
12 Q. And at the time that you were writing those  
13 documents, you were being thorough and accurate, correct?  
14 A. Yes.  
15 Q. You didn't leave any substantive information  
16 out of either of the documents, as far as you recall, did  
17 you?  
18 MR. ANDRADA: Hang on. Objection. Vague and  
19 ambiguous. Overly broad.  
20 But go ahead. You can answer if you can.  
21 THE WITNESS: To the best of my knowledge, yes.  
22 MS. SHERWIN: Q. To the best of your knowledge,  
23 no, you didn't leave anything out, right?  
24 A. Oh, no. This is everything.  
25 Q. What was your purpose in writing the timeline

8

## DEPOSITION OF MEGAN HAST

1 in Exhibit 1?

2 A. To have more of an idea. I was asked if I had  
3 an idea of times.

4 Q. Who asked you that?

5 A. My supervisor, I think, asked me if I had that.

6 Q. Who was that?

7 A. Millie Swafford.

8 Q. What is Millie Swafford's position?

9 A. She's the Director of Criminal Justice Mental  
10 Health for the Behavioral Health Services.

11 Q. What was your purpose in writing the progress  
12 note that was Exhibit 2?

13 A. That's the note that I wrote on my shift.

14 Every time I have a client that I see or don't see on my  
15 shift, we have to write a note, a clinical note.

16 Q. So Exhibit 2 was the clinical note that you  
17 wrote at the time that you had contact with anyone within  
18 Alameda County regarding Martin Harrison, right?

19 MR. ANDRADA: I'm sorry. Objection. Vague and  
20 ambiguous. Overly broad.

21 Go ahead and answer it if you can.

22 THE WITNESS: Yes. It was the note that I wrote on  
23 my shift.

24 MS. SHERWIN: Q. Do you remember approximately  
25 when you wrote the note?

9

## DEPOSITION OF MEGAN HAST

1 from the University of California Berkeley in social work.

2 Q. When did you receive your master's degree?

3 A. In 2007.

4 Q. And after receiving your master's degree,  
5 that's when you became a registered associate social  
6 worker?

7 A. Yes.

8 Q. What is your current employment?

9 A. Alameda County Behavioral Health Care Services  
10 in the Criminal Justice Mental Health Department.

11 Q. Is that the same job that you had in August of  
12 2010?

13 A. Yes.

14 Q. Do you have the same job assignments that you  
15 had in August of 2010?

16 A. No.

17 Q. What is your current assignment?

18 A. I am working with the Behavioral Health Court.  
19 That started in August of 2009. I also work with Criminal  
20 Justice Mental Health also. But my position changed.

21 Q. When you say Criminal Justice Mental Health, is  
22 that a part of Alameda County, as far as you know?

23 A. Yeah.

24 Q. So your employer would be Alameda County,  
25 right?

11

Crangle Reporting Services (510) 653-1312

## DEPOSITION OF MEGAN HAST

1 A. I don't remember the time, but I wrote it on my  
2 shift.

3 Q. And what was your shift at that time in August  
4 of 2010?

5 A. It was the p.m. shift for booking. Intake,  
6 transfer, and release is what it's called. My shift is  
7 3:30 to 11:30 p.m.

8 Q. Did you work Monday through Friday?

9 A. Yes. But not that shift.

10 Q. So you worked different shifts throughout the  
11 week, but that particular day you were working the p.m.  
12 shift, right?

13 A. Yes.

14 Q. We'll go over each of these documents a little  
15 bit later.

16 Do you have any licenses other than a driver's  
17 license?

18 A. I'm registered as an associate social worker.

19 Q. When did you receive that registration?

20 A. In 2007.

21 Q. Can you please briefly recount your education  
22 beyond high school.

23 A. I received a bachelor's degree from the  
24 University of North Carolina Chapel Hill in international  
25 studies and Spanish. And I received my master's degree

## DEPOSITION OF MEGAN HAST

1 A. Yes.

2 Q. In August of 2010, your employer was Alameda  
3 County, right?

4 A. Yes.

5 Q. Did you start working with Alameda County --  
6 strike that.

7 When did you first start working with Alameda  
8 County?

9 A. I started in 2007.

10 (Mr. Nisenbaum enters deposition room.)

11 MS. SHERWIN: Let's go off the record for one  
12 second.

13 (Discussion off the record.)

14 MS. SHERWIN: Could you read back the last question  
15 and answer.

16 (Record read as follows:

17 "QUESTION: When did you first start  
18 working with Alameda County?

19 "ANSWER: I started in 2007.")

20 MS. SHERWIN: Q. In August of 2010, what, in  
21 general, were your job duties?

22 A. I worked in the housing units in Santa Rita  
23 Jail, and I worked -- it changed because that was -- I was  
24 working with the Behavioral Health Court, which started in  
25 2009. But I was still working with criminal -- with

1 Criminal Justice Mental Health in the jail as well and had  
2 a position there. And I would do -- for a while, I had a  
3 permanent position in ITR, intake, transfer, and release  
4 booking one day a week Mondays, Monday evenings. And I  
5 don't remember if that was still my position at that time,  
6 because I was doing -- I was working in the Behavioral  
7 Health Court as well, and I was working at the jail. But  
8 I also would do overtime with booking. Intake, transfer,  
9 and release.

10 Q. So when you worked in the housing unit at Santa  
11 Rita Jail in August of 2010, what were your job duties?

12 A. In the housing unit?

13 Q. Yes.

14 A. I saw clients who were referred to us, did  
15 crises intervention, brief therapy, and referrals for  
16 medication stabilization.

17 Q. When you did referrals for medication  
18 stabilization, would that -- strike that.

19 Obviously, you're not allowed to prescribe  
20 medication, right?

21 A. Right.

22 Q. So when you were doing a referral for  
23 medication stabilization, would that sometimes involve an  
24 inmate who was not on medication but, in your professional  
25 opinion, needed to be evaluated by someone who had the

1 Q. What is it?

2 MR. ANDRADA: Again, it's overly broad.

3 But go ahead.

4 THE WITNESS: From my understanding, it is a  
5 medical emergency when somebody is withdrawing from  
6 alcohol.

7 MS. SHERWIN: Q. Where did you receive that  
8 understanding?

9 A. From my general education with understanding in  
10 my classes in graduate school, learning about the  
11 different substances abuses and some of the signs and  
12 symptoms.

13 Q. So the understanding that you have regarding  
14 what delirium tremens is comes from when you were at  
15 UC Berkeley, right?

16 A. Yes.

17 Q. Does the Alameda County Department of  
18 Behavioral Health have a policy manual for folks who are  
19 working in the housing units to use?

20 A. The CJMH has policies and procedures for all of  
21 the jail, all of the positions that we work.

22 Q. And those are documents that are accessible to  
23 you?

24 A. Yes.

25 Q. Do you have your own copy, or is it someplace

1 ability to prescribe medication that they might need?

2 A. Yes.

3 Q. In the course of your education and training as  
4 a social worker, have you received training about alcohol  
5 withdrawal?

6 MR. ANDRADA: Overly broad.

7 But go ahead if you can.

8 THE WITNESS: No specific training. We had  
9 information in graduate school, classes where we studied  
10 substance abuse.

11 MS. SHERWIN: Q. In the course of your work with  
12 Alameda County prior to August of 2010, did you receive  
13 any training in recognizing the signs and symptoms of  
14 alcohol withdrawal?

15 A. No training.

16 Q. In the course of your employment with Alameda  
17 County up to today, have you received any training in  
18 recognizing the signs and symptoms of alcohol withdrawal?

19 A. No.

20 Q. In the course of your employment with Alameda  
21 County, have you received any training in recognizing the  
22 signs and symptoms of delirium tremens?

23 A. No.

24 Q. Do you know what delirium tremens is?

25 A. Yes.

1 for people to use?

2 A. Yeah, it's available for -- I think it's also  
3 available online. But there is a manual, I think.

4 Q. When you say "available Online," is it your  
5 understanding that any member of the public can look  
6 Online and find those?

7 A. Actually, I don't mean Online. I mean, in our  
8 documents. I mean online on the computer.

9 Q. In your computer.

10 A. Not Online. Sorry. We have the documents on  
11 our -- the files.

12 Q. When you say "CJMH," you're talking about  
13 Criminal Justice Mental Health?

14 A. Yes.

15 Q. That's part of Alameda County?

16 A. Yes.

17 Q. Have you ever seen any CJMH policies or  
18 procedures regarding delirium tremens?

19 A. Specifically, no. I haven't looked up a policy  
20 and procedure regarding that.

21 Q. Have you seen any CJMH policies or procedures  
22 regarding alcohol withdrawal?

23 A. Yes, I probably have. I don't remember. I  
24 haven't looked -- I really haven't looked at that  
25 recently.

## DEPOSITION OF MEGAN HAST

1 Q. Did you receive any training as long as you've  
2 worked at Alameda County about what to do if you evaluate  
3 an inmate who exhibits the signs and symptoms of the  
4 medical emergency of delirium tremens?

5 MR. ANDRADA: Again, objection. Vague and  
6 ambiguous. Overly broad.

7 Go ahead if you can. Do you want her to read it  
8 back? She can read it back if you want.

9 THE WITNESS: The question, yeah.  
10 (Record read as follows:

11 "QUESTION: Did you receive any

13 Alameda County about what to do if you  
14 evaluate an inmate who exhibits the signs  
15 and symptoms of the medical emergency of

17 THE WITNESS: Yes. We've had -- I guess I don't  
18 call it -- I don't call it training because we have staff  
19 meetings, but they are trainings, I guess, essentially.  
20 But we have talked about when -- when we notice certain  
21 signs or symptoms what to do.

22 MS. SHERWIN: Q. Okay. What are the signs and  
23 symptoms that you've been trained to notice with respect  
24 to delirium tremens?

1 Go ahead and answer the question as best you can.

2 If you want her to read it back, she can read it back.

3 THE WITNESS: Could you read it back, please.

4 (Record read as follows:

5 "QUESTION: Hallucination may be a  
6 sign that the person is in severe alcohol  
7 withdrawal rather than mild alcohol  
8 withdrawal, right?")

9 MR. ANDRADA: Same objection.

10 But go ahead and answer it if you can.

11 THE WITNESS: Hallucinations don't necessarily mean  
12 that somebody is in alcohol withdrawal. People can have  
13 hallucinations without -- people that don't use substances  
14 can have hallucinations.

15 MS. SHERWIN: Q. But if a person is in alcohol  
16 withdrawal and is having hallucinations, that would be an  
17 indication to you that their alcohol withdrawal is severe  
18 rather than mild, right?

19 MR. ANDRADA: Again, same objections. Overly  
20 broad. Vague and ambiguous.

21 Go ahead if you can.

22 THE WITNESS: Yes. It would be more serious.

23 MS. SHERWIN: Q. Have you been trained that  
24 tachycardia or elevated heart rate is a sign of alcohol

1 things. A lot of them are physical. If they have, like,  
2 they're physically shaky, or they have, like, their pulse  
3 is high, or they can also be exhibiting bizarre behavior  
4 that some people would say is mental illness. Yeah. I  
5 think -- I mean, those are some of them. A lot of them  
6 are physical. Often, when I am asked to notice signs and  
7 symptoms, if there is alcohol withdrawal, I look at that  
8 as a medical issue as opposed to a mental health issue.

9 Q. Okay. And I'll ask you about that in one  
10 second. But in terms of the signs and symptoms, I just  
11 want to make sure we've got everything you can think of  
12 right now.

13 A. Shaking. Elevated pulse. Sometimes, I guess,  
14 they can be red. Sometimes, I think, like, clammy skin.  
15 A lot of physical things, I think.

16 Q. And you said --

17 A. Disoriented also sometimes. Or confused.

18 Q. Have you been trained that a person who is  
19 hallucinating may be in alcohol withdrawal?

20 A. Yes.

21 Q. Hallucination may be a sign that the person is  
22 in severe alcohol withdrawal rather than mild alcohol  
23 withdrawal, right?

24 MR. ANDRADA: Objection. Vague and ambiguous.  
25 Overly broad. No foundation.

18

## DEPOSITION OF MEGAN HAST

1 A. Yes. It can be.

2 Q. And if the person is agitated, that can be a  
3 sign of alcohol withdrawal, right?

4 A. It can be.

5 Q. If the person has extreme anxiety, that could  
6 be a sign of alcohol withdrawal, right?

7 A. Yes.

8 Q. And if the person is mumbling incoherently,  
9 that can also be a sign of alcohol withdrawal, right?

10 A. Yeah.

11 Q. You mentioned earlier that you view alcohol  
12 withdrawal as a medical issue rather than a mental health  
13 issue. What do you mean by that?

14 A. When somebody is having alcohol withdrawal,  
15 from what we've been trained at the jail, it's important  
16 that medical personnel be dealing with it, because we  
17 can't provide medications to deal with that. It's a  
18 medical issue that needs to be addressed by medical  
19 personnel.

20 Q. And it needs to be addressed immediately  
21 because it's a medical emergency sometimes, right?

22 MR. ANDRADA: Objection. Vague and ambiguous.  
23 Overly broad.

24 Listen to the question. Go ahead and answer it if  
25 you can.

 2 (Record read as follows:  
 3 "QUESTION: And it needs to be  
 4 addressed immediately because it's a  
 5 medical emergency sometimes, right?")  
 6 THE WITNESS: It can be.  
 7 MS. SHERWIN: Q. So when you evaluate an inmate  
 8 who exhibits the signs and symptoms of alcohol withdrawal,  
 9 is it your training that you are to refer that person for  
 10 evaluation by medical personnel?  
 11 A. Yes.  
 12 Q. And that medical personnel would include a  
 13 physician?  
 14 A. Yes. Primarily, it would be nursing staff at  
 15 the jail, whoever is there that can evaluate the person.  
 16 Q. Okay. And then the nursing staff would have to  
 17 have a physician take a look at the inmate in order to  
 18 prescribe the medication that he needs, right?  
 19 MR. ANDRADA: Objection. Vague and ambiguous.  
 20 Overly broad. May call for speculation. Assumes facts  
 21 not in evidence.  
 22 But go ahead if you can.  
 23 THE WITNESS: They would have to make that  
 24 decision.  
 25 MS. SHERWIN: Q. So when you encounter an inmate

1 whether you know about any such policies in the jail.  
 2 THE WITNESS: It's a medical issue. As far as I  
 3 know, the County -- CJMH will evaluate people. If it's  
 4 deemed to be a substance withdrawal, that's a medical  
 5 issue, and that has to be dealt with by the medical staff  
 6 at the jail, which is not Alameda County.  
 7 MS. SHERWIN: Q. And do you know what the policies  
 8 or procedures within the jail are for caring for an inmate  
 9 who has gone into delirium tremens?  
 10 MR. ANDRADA: Again, same objections. Overly  
 11 broad.  
 12 Go ahead.  
 13 THE WITNESS: I don't know what the procedure is.  
 14 I mean, again, if somebody is evaluated to have a  
 15 substance issue -- a serious issue that they're  
 16 withdrawing, then that's a medical issue that would be  
 17 referred. That needs to be dealt with by them.  
 18 MS. SHERWIN: Q. When you receive a call to  
 19 evaluate an inmate who is disoriented to time and place  
 20 and acting in a bizarre manner, do you review his chart  
 21 before you see him?  
 22 A. Yes.  
 23 Q. How do you go about getting his chart?  
 24 A. I have to go search for it.  
 25 Q. Where would a chart typically be for an inmate

 2 is it your understanding that what you need to do at that

 5 MR. ANDRADA: Again, objection to the form. Vague  
 6 and ambiguous. Overbroad.  
 7 Go ahead.  
 8 THE WITNESS: Yes. I have to do the research and  
 9 actually evaluate a person to make a decision fully about  
 10 that. But if I evaluate someone and it looks like it is  
 11 alcohol withdrawal, which is a medical issue, then, yes, I  
 12 absolutely will let them know.  
 13 MS. SHERWIN: Q. As far as you're aware, what are  
 14 the policies and procedures within Alameda County for  
 15 detoxification of people who have alcohol dependency?  
 16 A. I don't know.  
 17 Q. Do you know what the policies and procedures  
 18 within Alameda County are for preventing alcohol  
 19 withdrawal?  
 20 A. For the entire county?  
 21 MR. ANDRADA: Hang on.  
 22 MS. SHERWIN: Within the jail.  
 23 MR. ANDRADA: Again, objection. Slow down. Stop.

 3 Most charts. So I would go to that place to look for the  
 4 chart.  
 5 Q. Where are the charts?  
 6 A. What's called the muster room.  
 7 Q. When you receive a call to do an evaluation on  
 8 an inmate who is disoriented to time and place and acting  
 9 in a bizarre manner, the first thing you do is go to the

 11 A. No.  
 12 MR. ANDRADA: Again, vague and ambiguous. Overly  
 13 broad.  
 14 You answered the question.  
 15 THE WITNESS: No.  
 16 MS. SHERWIN: Q. What's the first thing you  
 17 typically do?  
 18 A. I research the person. I look for them on the  
 19 computer. I see -- I look for what we call their -- on  
 20 mainframe to find their jail status. I look in our mental  
 21 health database to see if they have mental health history.  
 22 And I look in -- I try to find their nurse screener.

1 A. No.  
 2 Q. What is the nurse screener?  
 3 A. It's a form that a nurse fills out when they

 5 MS. SHERWIN: Mark that as Exhibit 3.  
 6 (Plaintiffs' Exhibit 3 was marked for

 8 MR. ANDRADA: Q. I'm going to hand you what has

 10 the record, is a packet of documents that my office  
 11 received in response to our request for Martin Harrison's  
 12 complete medical records from Alameda County Prison Health  
 13 Services.  
 14 I'm going to direct your attention to the last two  
 15 pages of Exhibit 3 and ask you if those are documents that  
 16 you would call the nurse screener? Either of those  
 17 documents.  
 18 A. This document.  
 19 Q. The last page of Exhibit 3, right?  
 20 A. Yes.  
 21 Q. Let me get a copy of that specifically.  
 22 MR. ANDRADA: Let's take just two minutes. Can we  
 23 do that? It won't be long.

 4 I get with the information.  
 5 Q. And when you say you have to triage them, what  
 6 do you mean?  
 7 A. I have to look at the information that I've  
 8 gotten, the referrals, and the circumstances with each  
 9 person, what's going on. And then I follow up with  
 10 interviewing, if that's what needs to happen --

 12 mean to interrupt you.  
 13 Go ahead.  
 14 A. -- for evaluation.  
 15 Q. Where do you typically find the nurse screener

 17 A. Initially, I look in booking. If a person  
 18 just -- has just been in jail or just entered the jail,  
 19 their nurse screener was in the -- is usually in the  
 20 nursing office, a copy of it, and I'll look there for it.  
 21 Q. For someone who has been in jail for three

 5 witness what's been marked as Exhibit 4 to the deposition,  
 6 which, for the record, is the same page as the last page  
 7 of Exhibit 3 which the witness has identified as the nurse  
 8 screener.  
 9 (Mr. Nisenbaum re-enters deposition room.)  
 10 MS. SHERWIN: Q. Is Exhibit 4 the nurse screener  
 11 that you've said you tried to find before you go to see an  
 12 inmate that you're supposed to evaluate?  
 13 A. Yes.  
 14 Q. And what do you do after you find the nurse  
 15 screener?  
 16 MR. ANDRADA: Again, vague and ambiguous. Overly  
 17 broad.  
 18 But go ahead and answer it if you can.  
 19 THE WITNESS: I compile all the information that  
 20 I've researched. And I have to triage each of the  
 21 referrals that I have. So that's usually what I do. And  
 22 then, I go from there.  
 23 MS. SHERWIN: Q. When you say you have to triage

 5 MR. ANDRADA: Again, it's vague and ambiguous.  
 6 Overly broad.  
 7 Go ahead.  
 8 THE WITNESS: Like I said, with the information I  
 9 get, I triage where to go, what clients to see, or not  
 10 see.  
 11 MS. SHERWIN: Q. So you create an order for  
 12 yourself of the clients that you're going to see. Is that  
 13 what you mean?  
 14 A. I triage what I have in front of me. When I  
 15 come in, I have to check everything that is there when I  
 16 get there and continue throughout the shift. So I  
 17 triage -- I don't know how else to...  
 18 Q. When you first start your shift at Santa Rita  
 19 Jail, do you check the telephone messages?  
 20 A. Yes.  
 21 Q. And one of the things you're checking for is to  
 22 see if there are any inmates who need you to come and  
 23 evaluate them, right?  
 24 A. Yes.

 5 broad.  
 6 THE WITNESS: I research, try to get what  
 7 information I can. And with that information I follow up  
 8 with either the housing unit deputy, the nurse. Or, if  
 9 the person is in booking, follow it up.  
 10 MS. SHERWIN: Q. When you say you follow up, does  
 11 that mean you call the deputy to see if you can come and  
 12 see the inmate?  
 13 A. Yes.  
 14 Q. And so before you make that follow-up call to  
 15 the deputy, you've already typically done your triage  
 16 work, right?  
 17 A. Yes.  
 18 Q. Do you remember the incident involving Martin  
 19 Harrison in August of 2010?  
 20 A. Yes.  
 21 Q. Do you remember receiving the call from the

 6 A. Right.  
 7 Q. Do you remember doing the research regarding  
 8 Martin Harrison that you typically do when you receive one  
 9 of those calls?  
 10 A. Yes.  
 11 Q. Do you remember finding Mr. Harrison's nurse

 13 A. Yes. I think so.  
 14 Q. And that would have been something that you  
 15 reviewed before you called the deputies to see if you

 17 A. Yes. Usually I do.  
 18 Q. Okay.  
 19 A. Yeah.  
 20 Q. I'm taking a look at Exhibit 2, which is your  
 21 progress note from August 16 of 2010. Do you see about

 5 you were answering his questions, did you?  
 6 MR. ANDRADA: Again, objection. Vague and

 12 transcript of your interview, would it be fair to say that  
 13 nothing stood out in your mind as something you omitted  
 14 from your answers to Sergeant Ritter at that time?  
 15 A. I don't think so.  
 16 Q. Nothing stands out, as you sit here today?  
 17 A. I don't think so.  
 18 Q. Do you recall thinking that it was Deputy Wolfe  
 19 who left you the message regarding Martin Harrison?  
 20 A. I don't remember. If I wrote that, then that  
 21 is probably what I remembered. I can't remember right  
 22 now.  
 23 Q. The interview that you gave on September 23rd,

1 correct?  
 2 A. Yes.  
 3 Q. What did you mean when you said, "Only reported  
 4 alcohol use and placed on CIWA"?  
 5 A. From the sentence before, I was referring to  
 6 the nurse screener that I wrote: "Inmate came into  
 7 custody 8/13 denying mental health problems" in the nurse  
 8 screener. So no referral was made. Only reported alcohol  
 9 use and placed on CIWA. That would have been the  
 10 reference to what I saw on the nurse screener.  
 11 Q. And the nurse screener is Exhibit 4, right?  
 12 A. Uh-huh. Yes.  
 13 Q. And so when you reviewed the nurse screener,  
 14 you saw that with reference to Question No. 21 about  
 15 alcohol use, Martin Harrison reported that he drinks every  
 16 day, and his last drink was today, right?  
 17 A. Yes.  
 18 Q. And you also saw that Martin Harrison was  
 19 coming in with a history of alcohol withdrawal and was  
 20 placed on CIWA, correct?  
 21 A. Yes.  
 22 Q. So when you saw the letters C-I-W-A in the  
 23 nurse screener, that to you meant CIWA, correct?  
 24 A. Yes.  
 25 Q. What was your understanding of what CIWA meant?

32

Crangle Reporting Services (510) 653-1312

## DEPOSITION OF MEGAN HAST

1 A. My understanding is that it's the observation  
2 that the nursing staff has for someone who could  
3 potentially have alcohol withdrawal.  
4 Q. Do you know Nurse Sancho?  
5 A. No.  
6 Q. But you didn't have any problem reading her  
7 handwriting on the nurse screener, right?  
8 MR. ANDRADA: Objection. Vague and ambiguous.  
9 Overly broad.  
10 Go ahead.  
11 THE WITNESS: Could you ask the question again.  
12 (Record read as follows:  
13 "QUESTION: But you didn't have any  
14 problem reading her handwriting on the  
15 nurse screener, right?")  
16 THE WITNESS: Right.  
17 MS. SHERWIN: Q. Do you have any knowledge of what  
18 the Santa Rita Jail's policies and procedures are for an  
19 inmate who is on CIWA?  
20 A. It's the nursing -- it's the nursing procedure.  
21 So my -- the understanding that I have of CIWA is that  
22 that's what the protocol that the nursing staff uses for  
23 alcohol withdrawal. And that -- I mean, that's -- I see  
24 that, and I think they are on alcohol withdrawal protocol,  
25 the CIWA.

5 bottom for collateral. And the 1:00 is the time, like, an  
6 hour. It signifies one hour.  
7 Q. Are you saying that you spent one hour on this

1 Q. Do you have an understanding of what the

3 A. I don't know specifically.  
4 Q. So according to your understanding, that's  
5 something that the nurses would be in charge of, right?  
6 A. Yes.  
7 Q. If the person needed medication or nutritional  
8 support or close observation, that would be something that  
9 the nurses would be in charge of making sure they get,  
10 right?  
11 A. Yes.  
12 Q. Do you know what the acronym "CIWA" stands for?  
13 A. I don't know.  
14 Q. Do you know whether or not it stands for  
15 Clinical Institute Withdrawal Assessment?  
16 A. I don't know.  
17 Q. In the course of your job with Alameda County  
18 in Santa Rita Jail, have you ever filled out a CIWA  
19 assessment form for anyone?  
20 A. No.  
21 Q. That's something the nurses would do, right?  
22 A. To my understanding, yes.

12 MS. SHERWIN: Q. What did IOL in ISO cell mean

14 A. IOL is intensive observation log. And ISO cell  
15 is an isolation cell.  
16 Q. What is your understanding of the intensive  
17 observation log?  
18 A. It is when someone is being monitored by deputy  
19 staff.  
20 Q. Do you know how often the person is being  
21 monitored?  
22 A. There's different kinds of observations on the  
23 intensive observation log. I think there's a close  
24 observation and an intensive observation. I'm not exactly  
25 sure. But I think there's 15 minutes and 30 minutes.

7 A. Yes.  
8 Q. And the line, "saw nurse but not receiving any

10 message?  
11 A. I don't remember if it was in the message or  
12 when I talked to a deputy.  
13 Q. In the course of your work as a social worker  
14 in the Alameda County jail system, you understand the

2 Q. You respond to mental health-related  
3 situations, right?  
4 A. Yes.  
5 Q. Have you been trained to respond to mental  
6 health-related situations within four minutes?  
7 MR. ANDRADA: Vague and ambiguous as to what you  
8 mean by respond and to mental health -- I think you said  
9 mental health situations.  
10 Go ahead and answer the question if you can.  
11 THE WITNESS: I've been trained to respond as soon  
12 as I can to referrals and to do my job.  
13 MS. SHERWIN: Q. Have you ever received any  
14 training within Criminal Justice Mental Health that the  
15 Sheriff's Office sworn and civilian staff are to respond  
16 to health-related situations within four minutes?  
17 MR. ANDRADA: Again, vague and ambiguous. Overly  
18 broad.  
19 Go ahead if you can.  
20 THE WITNESS: No, not that I know of.  
21 MS. SHERWIN: Q. Have you been trained to  
22 recognize the signs and symptoms of chemical dependency?  
23 A. What do you mean by trained?  
24 Q. Have you been trained within Alameda County,

1 and symptoms of chemical dependency?  
 2 A. Yes.  
 3 Q. And an inmate who comes into the jail with a  
 4 history of alcohol withdrawal would be someone who has  
 5 signs and symptoms of chemical dependency, right?  
 6 MR. ANDRADA: Objection. Vague and ambiguous.  
 7 Overly broad.  
 8 Listen to the question. Go ahead and answer the  
 9 question if you can.  
 10 THE WITNESS: Could you ask the question again?  
 11 MS. SHERWIN: Q. I'll ask you a different  
 12 question.  
 13 Let's take a look at Exhibit No. 4, please. You  
 14 saw Martin Harrison's nurse screener that he drinks every  
 15 day, and his last drink was that day, right?  
 16 A. Yes.  
 17 Q. And you also saw that he had a history of  
 18 alcohol withdrawal and was placed on a CIWA, correct?  
 19 A. Yes.  
 20 Q. So you understood that to mean that Martin  
 21 Harrison had signs and symptoms of chemical dependency  
 22 with the chemical being alcohol, right?  
 23 A. I understand that he reported that he had used  
 24 alcohol and had a history of alcohol withdrawal. Because  
 25 this, the nurse screener, they ask the inmate questions.

 3 MR. ANDRADA: Again, it's vague and ambiguous.  
 4 Overly broad.  
 5 But go ahead if you can.  
 6 THE WITNESS: The referral procedure can come from  
 7 different places. I mean, referrals can come from many  
 8 different places. We get referrals from the nurse when  
 9 they've done the screener. And if somebody answers  
 10 certain questions that are mental-health related, or they  
 11 report a history of mental health, we also get -- we can  
 12 get referrals if somebody is acting bizarre or if they  
 13 want somebody to -- mental health to evaluate somebody or  
 14 interview them.  
 15 So the procedure -- I mean, they can put in a  
 16 mental health referral form. They can call us. And it  
 17 comes from many different places.  
 18 MS. SHERWIN: Q. The jail has a mental health  
 19 referral form that deputies use to refer inmates for  
 20 mental health evaluations, right?  
 21 A. There's a mental health form, referral form.  
 22 In my experience, it's usually been from nursing staff  
 23 that the referral forms come from. It's usually we get a  
 24 copy of that referral form from the nurse in booking,  
 25 usually, with a screener from somebody.

1 So I look at that and say this person reported -- like I  
 2 said in my note, they reported alcohol use. And they were  
 3 placed on CIWA.  
 4 Q. Okay. So what you're saying is, Martin  
 5 Harrison would have reported to the intake nurse that he  
 6 had a history of alcohol withdrawal, correct?  
 7 MR. ANDRADA: Calls for speculation as phrased.  
 8 But go ahead and answer the question if you can.  
 9 THE WITNESS: When I read the screener, what  
 10 they've written on the screener, I read as what they  
 11 reported to the nurse, I guess.  
 12 MS. SHERWIN: Q. And people who get alcohol  
 13 withdrawal get withdrawal because they're dependent on  
 14 alcohol, right?  
 15 MR. ANDRADA: Overly broad. Vague and ambiguous.  
 16 Go ahead if you know.  
 17 THE WITNESS: Yes.  
 18 MS. SHERWIN: Q. What is the procedure for

 4 MR. ANDRADA: Vague and ambiguous. Overly broad.  
 5 Go ahead.  
 6 THE WITNESS: We can evaluate them. We don't

 8 As far as my understanding is, when somebody has alcohol  
 9 withdrawal or any substance, it's the medical that  
 10 provides the treatment and care.  
 11 MS. SHERWIN: Q. Okay. So as far as you know,  
 12 once an inmate is placed on CIWA, Criminal Justice Mental  
 13 Health is not involved in taking care of the inmate with  
 14 respect to his risk for withdrawal from alcohol, for  
 15 example, right?  
 16 A. Right.  
 17 Q. Is it your understanding that deputies can  
 18 request a medical evaluation of an inmate at any time?  
 19 A. I don't know.  
 20 Q. Do you know what the procedure is within the  
 21 jail regarding handling medical evaluations of inmates  
 22 between the hours of 11:00 p.m. and 8:00 a.m.?

1 THE WITNESS: I don't know. I know our policy for  
 2 those. There's nursing staff 24 hours in the jail, but I  
 3 don't know their policy.  
 4 MS. SHERWIN: Q. What is your policy for  
 5 evaluating an inmate who has a mental health issue arise  
 6 between the hours of 11:00 p.m. and 8:00 a.m.?  
 7 MR. ANDRADA: Again, vague and ambiguous. Overly  
 8 broad.  
 9 THE WITNESS: If there is a mental health issue  
 10 between the hours of 11:00 p.m. and 8:00 a.m., there's an  
 11 on-call clinician that -- the number, along with a form,  
 12 is available for any staff, deputy or nursing staff, to  
 13 contact for -- there's, like, a list of situations that  
 14 they can call that on-call. But it's their -- that  
 15 information is there. There's not somebody on site.  
 16 So they'll usually call the on-call clinician.  
 17 It's up to the discretion. So I don't know exactly. But  
 18 we have a form that people, nursing and deputy staff, can  
 19 see, depending on the situation, to respond.  
 20 MS. SHERWIN: Q. Have you ever acted in the role  
 21 of on-call clinician?  
 22 A. No.  
 23 Q. But it's your understanding, if an inmate has a

 3 clinician.  
 4 Q. So you were going to schedule an appointment  
 5 with Martin Harrison either with Criminal Justice Mental  
 6 Health or the M.D.?  
 7 A. No. That's -- the TBA/M.D. all means for  
 8 Criminal Justice Mental Health. It's a new person being  
 9 referred to CJMH for clinician appointment and possibly an  
 10 appointment, if necessary, with a psychiatrist. It's all  
 11 for CJMH.  
 12 Q. Does CJMH have on-call psychiatrists for the  
 13 jail?  
 14 A. There's on-call in the evenings and weekends  
 15 for medication bridging. So, yes, there's an on-call  
 16 psychiatrist.  
 17 Q. If an inmate has a psychiatric emergency  
 18 requiring treatment by a psychiatrist during the evening  
 19 or on a weekend, is there an on-call psychiatrist who  
 20 would be available to handle that?  
 21 A. During the hours that a clinician is available,  
 22 yes. That a clinician is at the jail, yes.  
 23 Q. I'm not sure what you mean by during the hours  
 24 of when a clinician is in.

 5 A. Yes.  
 6 Q. At Santa Rita Jail?  
 7 A. Yes.  
 8 Q. And that was a document that you created to  
 9 document the work that you had done in connection with  
 10 Martin Harrison and was a part of your job as a  
 11 psychiatric social worker at the jail, right?  
 12 A. Yes.  
 13 Q. And that document would have gone into Martin  
 14 Harrison's medical chart, correct?  
 15 A. Yes. I think so.  
 16 Q. As far as you're aware?  
 17 A. (Witness nods head.)  
 18 Q. When you said at the bottom of Exhibit 2 that  
 19 you would schedule a follow-up, it looks like "TBA/M.D.  
 20 8/18," what did you mean by that?  
 21 A. That's just a follow-up appointment in our  
 22 clinic to follow up with a clinician and a doctor if  
 23 necessary. It's an appointment.  
 24 Q. And what does TBA stand for?  
 25 A. Well, I guess it actually means to be

 3 psychiatrist at 4:00 in the morning, does the Alameda

 5 could respond to that emergency?  
 6 A. No.  
 7 Q. Would the inmate have to be transferred outside  
 8 of the jail to a psychiatric hospital in that  
 9 circumstance?  
 10 A. Yes, if it was a psychiatric emergency that  
 11 couldn't be dealt with in the jail.  
 12 Q. And if an inmate had a medical emergency like  
 13 delirium tremens at 4:00 in the morning, would the inmate  
 14 also have to be transferred outside of the jail at that  
 15 point?  
 16 MR. ANDRADA: No foundation. Calls for her to

 18 But go ahead.  
 19 THE WITNESS: I don't know because that's medical.  
 20 And just -- yeah, I don't know.  
 21 MS. SHERWIN: Q. Do you know whether or not, when

9 that is Exhibit 1?  
10 A. I think this was a couple of days after. I  
11 don't know exactly when.  
12 Q. And you wrote the document at the instruction  
13 of your supervisor?  
14 A. My supervisor was asking if I had a timeline

16 Q. So at 4:00 in the afternoon on August 16, you  
17 listened to a phone message that had been received about  
18 30 minutes earlier asking for Criminal Justice Mental

20 A. Yes.  
21 Q. And then you called the housing unit and spoke  
22 with the technician a half an hour after you listened to  
23 the message. Is that right?  
24 A. If it says it here, then, yes. All of these

8 A. Yes.  
9 Q. And as we've discussed earlier in your

12 A. It can.  
13 Q. And having bizarre behavior can be a sign of

6 know for sure exactly what I did, but when I go on shift,  
7 I listen to the messages. I try to get all of the  
8 referrals, all of the information that I have, and triage.  
9 Q. Okay.  
10 A. Figure out what -- I look at what I have and  
11 figure out what needs to happen.  
12 Q. So when you do all of the research that you've  
13 identified earlier, you do that for all of the inmates  
14 before you call the housing units, correct?  
15 A. Yes. Usually I want to have an idea about -- I  
16 want to have research about this person so I know what's  
17 going on with them.  
18 Q. And in the call about Martin Harrison, you were  
19 informed that Mr. Harrison was on intensive observation

21 A. Yes.

15 Q. But you did not go to the housing unit after  
16 learning that the deputy would be leaving for half an hour  
17 until a half an hour after your call. Is that correct?  
18 A. It says about. So I'm not completely positive  
19 of exact times, but I would say about, yeah.  
20 Q. Did it occur to you that with the deputy  
21 leaving in about half an hour, it would be a good idea to

 7 A. No.  
 8 Q. If you had asked for a deputy to come and help

 10 reason to think that no deputy would have come?  
 11 MR. ANDRADA: Calls for speculation.

 18 A. Yes.  
 19 Q. When you evaluate an inmate who is behaving

 21 incoherently, what typically is the procedure that you and  
 22 the deputy follow with respect to you getting access to

 10 Q. So you stopped by Mr. Harrison's housing unit

 19 A. I believe I would contact the nurse, medical.  
 20 Q. By telephone?  
 21 A. Yes. Unless they were in the housing unit.  
 22 And let them know.  
 23 Q. Then you called the housing unit again around  
 24 6:00 p.m. and spoke with Deputy Ahlf, right?  
 25 A. Yes. That's what I wrote.

1 those interviews also taking place in a location where  
 2 people who are not a party to the conversation could hear  
 3 the conversation?  
 4 A. Potentially, yes.  
 5 Q. Now, you went and looked into Martin Harrison's  
 6 cell when you went to the housing unit around 5:00 p.m.,  
 7 right?  
 8 A. Yes.  
 9 Q. And it appeared to you that he was standing at  
 10 the toilet, correct?  
 11 A. Yes.  
 12 Q. At that point, did it occur to you to wait  
 13 until Mr. Harrison was done using the toilet and then call  
 14 a deputy to come and help interview the inmate?  
 15 MR. ANDRADA: Assumes facts not in evidence with  
 16 regard to use of the toilet. It's further vague and  
 17 ambiguous.  
 18 But go ahead.  
 19 THE WITNESS: Can you ask the question again.  
 20 (Record read as follows:  
 21 "QUESTION: At that point, did it

1 Q. And Deputy Ahlf told you that he was the one  
 2 who played Martin Harrison in the observation cell. Is  
 3 that right?  
 4 A. Yes.  
 5 Q. And he told you he did that about 4:00 in the  
 6 morning, right?  
 7 A. Yes.  
 8 Q. And Deputy Ahlf told you that he put Martin  
 9 into the observation cell because of Martin's bizarre  
 10 behavior, being disoriented to time and place, and  
 11 mumbling incoherently, correct?  
 12 A. Yes.  
 13 Q. And you knew that all of those signs and  
 14 symptoms are consistent with both alcohol withdrawal and  
 15 delirium tremens, right?  
 16 A. Yes.  
 17 Q. Deputy Ahlf told you that a nurse found that  
 18 Martin Harrison had not received any medications. Is that  
 19 correct?  
 20 A. Yes.  
 21 Q. Did you tell Deputy Ahlf to get a nurse to come  
 22 and evaluate Martin Harrison?  
 23 A. I don't remember.  
 24 Q. Did it occur to you, given the fact that Martin  
 25 Harrison was exhibiting signs and symptoms consistent with

1 both alcohol withdrawal and the medical emergency of  
 2 delirium tremens, that Mr. Harrison should be evaluated by  
 3 medical professionals?  
 4 A. I don't know. I would assume, yes. Yeah.  
 5 Q. Did you call anyone in the medical staff after  
 6 talking to Deputy Ahlf?  
 7 A. I don't remember if I did or not.  
 8 Q. Do you recall having done anything to get  
 9 Martin Harrison medical care after your conversation with  
 10 Deputy Ahlf?  
 11 A. I don't remember.  
 12 Q. Do you recall having done anything to get  
 13 Martin Harrison medical care at any time?  
 14 A. I don't remember if I did or not. I would  
 15 imagine that I would have called the nurse to find out.  
 16 Usually I will. But I don't remember if I did  
 17 specifically.  
 18 Q. And if you had contacted the nurse to get  
 19 Martin Harrison medical care, you would have included that  
 20 in your progress note or your timeline of events, right?  
 21 A. Probably, yes.  
 22 Q. Okay. So the fact that there is no such call  
 23 documented in either of those documents you wrote  
 24 regarding Martin Harrison is an indication that you did  
 25 not do that, right?

1 A. No.  
 2 Q. When you did your research on Martin Harrison,  
 3 did you see any individualized treatment plan for him  
 4 regarding management of his chemical dependency?  
 5 A. No.  
 6 Q. When you spoke to Deputy Ahlf on the telephone,  
 7 did he tell you that he did not request any evaluation of  
 8 Martin Harrison when he put him in the observation cell at  
 9 4:00 in the morning?  
 10 A. Can you ask the question again.  
 11 MS. SHERWIN: Read the question back, please.  
 12 (Record read as follows:  
 13 "QUESTION: When you spoke to Deputy  
 14 Ahlf on the telephone, did he tell you that

 18 MR. ANDRADA: Do you understand?  
 19 THE WITNESS: I don't understand.  
 20 MR. ANDRADA: Then she can rephrase it.  
 21 MS. SHERWIN: Q. Did Deputy Ahlf tell you that he  
 22 never requested any evaluation of Martin Harrison when he  
 23 put Martin in the evaluation cell at 4:00 in the morning?  
 24 MR. ANDRADA: Again, vague and ambiguous. Overly  
 25 broad.

1 A. Yeah. I guess so.  
 2 MS. SHERWIN: Please mark this next in order.

 5 MS. SHERWIN: Q. I'm going to hand you what has  
 6 been marked as Exhibit 6 to your deposition, which, for  
 7 the record, is a two-page fax that my office received in  
 8 response to our request for Martin Harrison's complete  
 9 records from Criminal Justice Mental Health Program.  
 10 Have you seen documents like that before today?  
 11 MR. ANDRADA: Vague and ambiguous as to what you  
 12 mean by documents like that.  
 13 MS. SHERWIN: Response to request for records.  
 14 Q. Have you seen documents like that before in the  
 15 course of your job?  
 16 A. Yeah. In charts.  
 17 Q. When you reviewed -- strike that.  
 18 When you did your research about Martin Harrison,  
 19 is it correct to say that you saw no records of Martin  
 20 Harrison ever being seen by anyone within Criminal Justice  
 21 Mental Health?  
 22 A. Correct.  
 23 Q. When you did your research on Martin Harrison,  
 24 did you see any medical plan related to him being placed  
 25 on the CIWA?

1 Go ahead.  
 2 THE WITNESS: No.  
 3 MS. SHERWIN: Q. Did he tell you that he had  
 4 requested an evaluation of Martin Harrison when he put  
 5 Martin in the isolation cell at 4:00 in the morning?  
 6 A. I don't remember. I think so. I don't know.  
 7 Q. In your creation of your time line, you were  
 8 being as complete as possible regarding the events related  
 9 to Mr. Harrison, correct?  
 10 A. I think so, yes.  
 11 MR. ANDRADA: How are you doing? Do you want to  
 12 take a break? Are you all right?  
 13 THE WITNESS: I'm fine.  
 14 MS. SHERWIN: Q. In your conversation with Deputy  
 15 Ahlf, he told you that the nurse had found that Martin was  
 16 not receiving any medication, and Deputy Ahlf placed him  
 17 in the ISO cell, right?  
 18 A. Yes.  
 19 Q. Was it your understanding -- I'm sorry. I  
 20 didn't mean to interrupt you.  
 21 A. No. I was just saying that's what I wrote.  
 22 Q. Was it your understanding that Deputy Ahlf was  
 23 telling you that he talked to a nurse before placing  
 24 Martin in the ISO cell?  
 25 MR. ANDRADA: Vague and ambiguous as to before.

64

## DEPOSITION OF MEGAN HAST

1 But go ahead.  
 2 THE WITNESS: That would be my understanding if he  
 3 was reporting from the nurse.  
 4 MS. SHERWIN: Q. Why didn't you go and evaluate  
 5 Martin Harrison after taking to Deputy Ahlf at 6:00 p.m.,  
 6 at about 6:00 p.m.?  
 7 A. I would imagine I was triaging the -- all of  
 8 the people that I was seeing, which I do throughout my  
 9 shift. And seeing those people and then getting there as  
 10 soon as I could.  
 11 Q. But leaving aside what you imagine, as you sit  
 12 here today, do you know why you did not go to the housing  
 13 unit for another hour after talking to Deputy Ahlf?  
 14 A. I was seeing other people? That would be what  
 15 I think.  
 16 Q. Did you tell Deputy Ahlf that Martin Harrison  
 17 might be in alcohol withdrawal or delirium tremens which  
 18 is a medical emergency?  
 19 MR. ANDRADA: Well, assumes facts not in evidence.  
 20 It's overly broad.  
 21 But go ahead.  
 22 THE WITNESS: I don't know if I told him that.  
 23 Given all of the information that I had, I would imagine  
 24 that I would have. But I don't remember if I did or not.  
 25 MS. SHERWIN: Q. You should have told Deputy Ahlf

1 of looking through the cases, the case files that you  
 2 have, are there occasions where you come across a case  
 3 during triage that needs immediate attention where you  
 4 stop the process of triaging the other cases in order to  
 5 attend to the case that needs immediate attention?  
 6 A. Yes. I could get a call or -- I mean, I don't  
 7 usually just drop everything and run. Because we get --  
 8 like I said, we get all of these different calls and  
 9 referrals from all these different places. So I research  
 10 and try to collaborate with people to get as much  
 11 information as I can.  
 12 Q. Are there times that you can use, like, a  
 13 telephone or some other means of communication to  
 14 communicate to somebody to closely supervise or closely  
 15 monitor an inmate while --  
 16 A. Um-hmm, yes.  
 17 Q. Let me finish the question.  
 18 -- while you're in the process of triaging or  
 19 completing your triaging process?  
 20 A. Yes.  
 21 Q. Did that happen in this case?  
 22 MR. ANDRADA: Objection. Vague and ambiguous. Did  
 23 what happen?  
 24 MR. NISENBAUM: Q. Did you make a call or any have  
 25 communication with anyone while you were in the process of

1 that Martin Harrison might be in alcohol withdrawal or

 3 MR. ANDRADA: Objection. Vague and ambiguous.  
 4 Argumentative.  
 5 Go ahead if you can.  
 6 THE WITNESS: Yeah.  
 7 MS. SHERWIN: I have no further questions.  
 8 MR. NISENBAUM: I just have a quick question.  
 9 EXAMINATION BY MR. NISENBAUM  
 10 MR. NISENBAUM: Q. What is the purpose of triaging  
 11 people?  
 12 A. It's to determine the level of acuity.  
 13 Q. What does that mean?  
 14 A. We get calls and referrals for lots of people.  
 15 And we have to look at safety, and history, and  
 16 determining, I guess, triaging that way. So if somebody  
 17 is a risk of safety to themselves or others because  
 18 they're in a safety cell or they're on an IOL for suicidal  
 19 or homicidal thoughts, those are -- that's part of the  
 20 triaging process is determining, I guess, that level of  
 21 safety.  
 22 Q. Is triaging -- does that refer to the level of  
 23 potential dangerousness of a person's present condition?  
 24 A. Yes.  
 25 Q. And do you have the ability to, in the course

66

Crangle Reporting Services (510) 653-1312

1 triaging in order to ensure that Mr. Harrison was more  
 2 closely supervised during the time period when you would  
 3 not be able to attend to him because you were completing  
 4 triage?  
 5 A. I did make contact. I did call. If somebody  
 6 is in an isolation cell, I would imagine that they are  
 7 being monitored. That's the understanding of when someone  
 8 is in an isolation cell. So they used isolation cell for  
 9 many different things.  
 10 So I do contact and make -- and talk with whoever I  
 11 can. But when somebody is in an isolation cell, I would  
 12 imagine they are being monitored.  
 13 Q. I know that there was a communication about the  
 14 deputy who would be leaving in half an hour.  
 15 A. Um-hmm.  
 16 Q. My question is, was there any communication  
 17 that you had with whoever you might have spoken with at  
 18 that time about making sure that Mr. Harrison was closely  
 19 supervised?  
 20 A. Not that I know of.  
 21 Q. And was there any communication that you had  
 22 with respect to ensuring that Mr. Harrison was closely  
 23 supervised before you could attend to him?  
 24 A. No.  
 25 MR. NISENBAUM: Thank you.

Timeline of Events for CJMH during 8/16/10 I/M incident

~ about 1600 This writer listened to a phone message received about 1530 from HU33 Deputy asking for CJMH to evaluate I/M Harrison, Martin BDH226, who was placed in ISO cell/IOL for bizarre behavior.

~ about 1630 This writer called HU33 and spoke with the Technician who reported that the Deputy shift change would be happening and the Deputy would be leaving in about a half hour.

~ about 1700 This writer stopped by HU33 to see if a deputy was still in HU to do the evaluation of I/M, however, Tech reported that the Deputy was gone and the Deputy for the next shift had not arrived yet. This writer briefly checked on I/M through the ISO cell window and he appeared to be standing at the toilet using the restroom, then left.

~ about 1800 This writer called HU33 to see if could come out to evaluate I/M and spoke with Deputy Ahlf, who reported that he was the one who had placed the I/M in the ISO cell about 0400 that morning due to his bizarre behavior, being disoriented to place, time, and mumbling incoherently. Deputy reported that nurse found he was not receiving any meds, and deputy placed him in the ISO cell.

~ about 1900 This writer went to HU33 as soon as available to evaluate I/M, but Deputy Ahlf reported that I/M had become agitated when he tried to move him from the cell which he flooded and broke his food tray in, to a clean cell and I/M was tazed and was being sent to the hospital.

Respond to problems/goals/objectives of treatment plan and signs and symptoms related to diagnosis. Include treatment interventions and address changes in the client's functioning. If there is little progress, include an explanation of the limited progress. Each month the clinician will complete a client stability ranking with justification. Use the stability rating criteria procedure and assign a numeric ranking. Identify the ranking and enclose the number in the box (e.g. Stability Rating [5]). Please sign each narrative with signature and title. Each progress note must include the following headings:

## Death Summary

**To:** Lt. S. Sexton

**From:** Dr. Maria Magat

**Date:** August 18, 2010

**Re:** Harrison, Martin, PFN: BDH226; DOB: [REDACTED] DOD: 08/18/2010

Mr. Martin Harrison is a 50 year old male who came into custody on 8/13/10. He was screened and mentioned that he drinks alcohol on a daily basis and his last drink was on that day. He had normal vital signs and no other medical/health issues were noted. He submitted a sick call slip on 8/15/10 but did not mention the nature of his medical concern. He was called to sick call on 8/17 however, he was a no show. On 8/16/10 at 1900, the PHS medical staff responded to the inmate being tazed at the housing unit. They found the inmate in the ISO cell, noted to be combative with a spit mask on. The nurse was unable to obtain a blood pressure reading because of the inmate's behavior but obtained a pulse of 57, respiration of 12 and oxygen saturation of 97% on room air. Inmate suddenly was noted to become unresponsive and he was immediately moved to the trauma room. In the trauma room, AED pads were applied but no reading/rhythm registered. CPR was immediately started and 911 was called. An IV line was established and IVF run. The fire department responded as well as the Paramedics who took over the resuscitation process. Inmate was then transferred to Valley Care Hospital and remained there until his demise.

Medical cause of death – cardiac arrest

Pathologic cause of death – coroner's report pending

Respectfully submitted,

  
Maria Magat, M.D.

<b>ALAMEDA COUNTY SHERIFF'S OFFICE</b>  <b>DETENTION AND CORRECTIONS</b>  <b>POLICY AND PROCEDURE</b>	<b>NUMBER:</b> 13.01	<b>PAGES:</b> 1 of 4
	<b>RELATED ORDERS:</b> ACA 3-ALDF-4E-02, 4E-09, 4E-10, 4E-17, 4E-24 CALEA 72.6.1, 72.6.5	
	<b>ISSUED DATE:</b> 07/01/89	
	<b>REVIEW DATE:</b> 12/08/06	
	<b>REVISION DATE:</b> 01/01/98	
<b>CHAPTER:</b> Medical and Health Care Services	<b>SUBJECT:</b> Medical and Mental Health Care	

- I. **PURPOSE:** To establish policy for providing community standards of health care for all inmates.
- II. **POLICY:** The Sheriff's Office will maintain contractual agreements with medical and mental health care professionals to provide all inmates with health care that meets community standards, and complies with all federal, state and local regulations. All health care services will be pursuant to written standards or direct orders, by personnel authorized by law. Nurse practitioners and physician's assistants may practice within the limits of applicable laws and regulations. Proper management of pharmaceuticals will be followed. All correctional and other staff are trained to respond to health-related situations within four minutes. The training program is established by Prison Health Services in the cooperation with the facility Commanding Officer. All medical, psychiatric and dental matters involving medical judgment are the sole province of the responsible physician and dentist. State and federal license, certification or registration requirements and restrictions apply to personnel who provide health care services to inmates.
- III. **PROCEDURE:**
- A. All health care services, including medical, dental and mental health services, will be delivered under the control of Prison Health Services (PHS) and the Criminal Justice Mental Health Program (CJMH), in compliance with contractual agreements.
- B. All inmate initiated medical visits will cost the inmate \$3.00 dollars. No inmate will be denied medical care due to their inability to pay a fee.
1. Requests to be seen by a nurse/doctor/dentist will be reviewed by health care staff for fee applicability. No charge will be made for emergency care, initial intake screening, TB testing and subsequent readings, communicable disease treatment, health appraisals, mental health care deemed essential by the clinician, any prenatal/postnatal services, lab and diagnostic services, and any follow up or referral care.
  2. Non-inmate initiated visits, should be considered exempt from fees.
  3. Any inmate that feels he/she was incorrectly charged, may follow the grievance procedure as specified at each jail.
  4. Informational notices and videos will be made available to all inmates at intake and throughout incarceration.

ASC0 0455

C. INMATE HEALTH CARE REQUESTS:

1. Inmates will use a sick call request slip (Inmate Request for Health care: 455-001), to access the medical health care system.
2. All copies of the sick call request slip will be forwarded to the sick call box, or medical personnel. The third copy will be sent back to the inmate at the conclusion of the medical visit.

D. DEBITING INMATE'S ACCOUNT:

1. After the inmate is seen by the health care provider, the provider will complete the sick call request slip, give the inmate the last copy, forward the original to the inmate's medical file and send the second copy to the Sheriff's Office, accounting department.
2. If the inmate does not attend sick call, he/she will not be charged.
3. Charges for health care will be deducted from the inmate's account when indicated by health care staff. AJIS code "MED" will be used. If the account balance is zero, no posting can be made and the visit is free.
4. Revenue collected will be deposited into revenue account 455-6201, by accounting staff.
5. Monthly statistical reports, will be used to determine the amount of visits billed, the amount of fees billed, the amount collected, the amount uncollectible, and the amounts that have been dropped from accounts receivable.

- E. Medical, dental and mental health matters involving clinical judgments, are the sole province of the responsible physician, dentist, psychiatrist or qualified psychologist respectively.
- F. Security regulations applicable to all facility personnel will apply to all health care personnel.
- G. PHS and CJMH administrators will meet with the facility Commanding Officer or designee at least quarterly, and submit quarterly reports on the health care delivery system and annual statistical reports.
- H. PHS and CJMH will maintain up-to-date written policies, procedures, and programs, which are reviewed at least annually, in cooperation with the Criminal Justice Medical Committee and revised if necessary. Each document must bear the date of the most recent review or revision and the signature of the reviewer.
- I. The facility Commanding Officer will ensure that adequate space, equipment, supplies, and materials are provided for health care delivered in each facility, in compliance with contractual agreement and through discussion with PHS and CJMH.
- J. PHS and CJMH will systematically determine health care personnel requirements in order to provide all inmates access to health care staff and services.

Policy and Procedure 13.01

Page 3 of 4

- K. PHS and CJMH will ensure their personnel are in compliance with all appropriate state and federal licensure, certification, or registration requirements and restrictions. The duties and responsibilities of their personnel will be governed by written job descriptions, approved jointly by PHS, CJMH and the facility Commanding Officer. Verification of current credentials and job descriptions will be maintained on file in the facility.
- L. PHS and CJMH will develop a training program, in cooperation with the facility Commanding Officer, to provide instruction to the Sheriff's Office sworn and civilian staff in the following areas:
  - 1. The ability to respond to health-related situations within four minutes.
  - 2. Recognition of signs and symptoms and knowledge of action required in potential emergency situations.
  - 3. Methods of obtaining assistance.
  - 4. Recognition of signs and symptoms of mental illness, retardation, emotional disturbance and chemical dependency.
  - 5. Procedures for patient transfers to appropriate medical facilities or health care providers.
  - 6. Additionally, the Sheriff's Office shall provide training for all sworn staff in the administration of first aid and cardiopulmonary resuscitation (CPR).
- M. Classification will consult with PHS and/or CJMH staff prior to taking action on housing assignments, program assignments, disciplinary action, or transfers in and out of the facility for inmates who are diagnosed as having a psychiatric illness.
- N. PHS and CJMH will develop policy and procedure for the proper management of pharmaceuticals, which addresses the following subjects:
  - 1. A formulary specifically developed to the facility.
  - 2. Prescription practices which require that:
    - a. Psychotropic medications are prescribed only when clinically indicated as one facet of a program of therapy.
    - b. "Stop order" time periods are required for all medications.
    - c. The prescribing provider re-evaluates a prescription prior to its renewal.
    - d. Procedures for medication receipt, storage, dispensing and administration or distribution.
    - e. Maximum security storage and periodic inventory of all controlled substances, syringes and needles.
    - f. Dispensing of medicine in conformance with appropriate federal and state law.

- g. Administration of medication which is carried out by persons properly trained as appropriate by state law and under the supervision of the health authority and facility Administrator or designee.
    - h. Accountability for administering or distributing medications in a timely manner, according to physician orders.
- O. PHS and CJMH will ensure that persons administering medications do so under the direct supervision of the responsible physician and have received training appropriate to their assignment. They are accountable for administering medications according to orders and recording the administration of medications in a manner, and on a form, approved by the responsible physician.
- P. All treatment by health care personnel other than a physician, dentist, psychologist, optometrist, podiatrist, or other independent provider, is performed pursuant to written standing or direct orders by personnel authorized by law to give such orders. Nurse practitioners and physician's assistants may practice within the limits of applicable laws and regulations.
- Q. Health care staff will visit inmates in segregation three times a week, unless medical attention is needed more frequently.
- R. POLICE REIMBURSEMENT OF PRISONER MEDICAL COSTS: The following guidelines have been developed to maximize local police agencies utilization of Criminal Justice Medical Program (CJMP) reimbursement for medical services provided to city prisoners. CJMP reimbursement rules are as follows; prior to booking an inmate in the County jail, a city prisoner with a medical need for a:
  - 1. Non-emergency: Medical care is paid by CJMP when done at Ferment, Highland or Washington hospitals. The only non-emergency exceptions are for sexual abuse/assault cases or blood alcohol tests.
  - 2. Emergency: (Life endangered) Medical care at any medical facility is covered by CJMP.
  - 3. Emergency Psychiatric: Care is permitted at Highland Hospital for payment by CJMP. Note: Local police agencies frequently seek the above information from Sheriff's Office personnel. Should further information be required, the police agency is to be advised to call Health Care Services agency at (510) 268-2533.
